

**Dolch Bingo:**  
 (Resource / Learning Support)  
 This is a *word recognition* game where a caller calls out the word and the child covers it ( if it's on her/his card) to indicate recognition. A Resource teacher requested this game but it would also be suitable for Learning Support work with groups of up to 6 children.  
*There are 4 games each increasing in level of difficulty. Each game has six different cards. The caller tosses a dice to determine from which of six lists to call out a word.*

Bingo games can be developed for almost any subject area.

**Initial Consonants Blends:**  
 A set of 3 Posters (A2) size.

*These posters were custom made for a local teacher.*

*We can design similar style posters to support language teaching (Gaeilge, Français etc.). We have a large bank of copyright-free clip art and pictures and have our own unique child-friendly fonts.*

*It is possible to produce the poster concept in the form of manipulatives - which can also be adapted for the magnetic board.*

€10 (each poster)

For clarity, we distinguish between CHARTS (A1 size approx. 80x60 cm) and POSTERS (A2 size approx. 60 x 40 cm).

**HEXAGONS:** (Middle to Senior classes)  
 This is an excellent classroom **Quiz** game, which can be used to develop oracy skills while at the same time animating revision of specific subject areas. It is also designed to encourage improvisation and as an exercise in reinforcing dictionary skills. Questions can be composed *ad hoc* by the children.

€12 poster-size

*The small booklet, which is provided, gives example Questions under headings such as **Geography of Ireland, Animal Kingdom, Adjectives & Adverbs, Sport, Bird Words, Geography of Europe.***

Which T is a giant ocean wave?

We can print and laminate this game either in Poster or Chart size.
